***Reasons for Allowance***

Claims 2-4, 7-11, 14, 15, 19-22 and 24-30 are allowed over the cited prior art.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 21, 24, 26, 28, and 30, Vanttila et al. (US 5,794,142) (figure 2) disclose an apparatus and method comprising: a network-positioned download parameter initiation signal generator configured to generate an initiation signal that initiates a request for downloading of the first mobile-station operational parameter (see column 3, lines 9-21; column 7, lines 53-57); and a network-positioned data call connector operable responsive to acceptance of the request initiated by the initiation signal generated by said network-positioned download parameter initiation signal generator, said network-positioned data call connector configured to establish a data call connection with the mobile station, the data call connection, once formed, for downloading the at least the first mobile-station operational parameter, the first mobile-station operational parameter being repeatedly used pursuant to subsequent communications (column 5, lines 13-24; and column 7, lines 53-67). And Hansson (US 6,023,620) discloses after receiving a response from a mobile station, the server downloading data to the mobile station through a data connection directly between the mobile station and the server (column 3, line 61 - column 4, line 11). However, Vanttila et al., Hanson, and the cited prior art fail to disclose the apparatus and method above further configured to communicate device information regarding the mobile station to the network part via the direct call connection

Art Unit: 2618

to enable the network part to determine the operations that are to be performed based on the device information prior to providing the mobile-station operational parameter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
